

# ASG Enterprises Limited

## Environmental Policy

**ASG Enterprises Ltd.** will at all times achieve the highest level of environmental control.

It will also ensure that it adheres to its own Environmental Management Systems, Process Controls and Procedures and strive to improve them continuously.

The Company is committed to applying Good Professional Practice throughout its organisation and to fulfilling a high standard of performance and the expectations of its customers.

All staff must familiarize themselves and regularly update themselves on the Company's standards of environmental management, and are required to take a positive attitude to minimising the company impact on the environment

The Company is totally committed to comply with **BS EN ISO 14001 Environmental Management Systems- Requirements**, (and all associated legislation and codes of practice,) and will at all times ensure that its own systems comply with all the requirement of that standard.

The company is committed to continually improving the effectiveness of the environmental management systems, and to prevent pollution within the company working environment, and to the wider external environment. To these ends we established a number of objectives they are:-

- Reduce paper usage by 5% per annum o Reduce fuel usage by 2% per annum
- Recycle used uniform and ink cartridges 100%
- The impact on the external and internal working environment to be monitored continuously and formally reported twice yearly
- Full compliance with all applicable legislation and codes of practice, measured by zero adverse comments from regulatory authorities
